The 290 Sun Sport's huge, cushioned lounging area is large enough that you can actually loll around on it. For a swim, just hop over the stainless steel stern rail and onto the swim platform.

You'll find custom instrumentation, waterproof, soft-touch switch panels, and everything else you need for optimum navigation close at hand — easy to read and easy to reach. The lockable sliding cabin door has convenient integral steps for quick access to the foredeck.

The cockpit wet bar accelerates conversation. The huge lighted storage area in the cockpit sole has a gas-assisted hatch that enables you quickly and easily to reach skis, kneeboards, wave runners and other bulky items that are necessary to those who possess the water gene.

Wow! Just how gorgeous can you get? Incredibly well built. Fabulously good looking. A real dream boat. As you can see, the 290 Sun Sport sets new standards that other boat manufacturers can only attempt to attain. From her sleek deep-V hull and custom graphics package to her optional seamless sport spoiler to her choice of awesome MerCruiser® stern drives, this 2001 Sea Ray® not only slices through the waves, she cuts down the competition.

Head for the galley when you want to make short work of snacks and light meals. It features cherry wood Formica® cabinets, dual-voltage refrigerator, molded fiberglass counter with sink and faucet, and optional microwave.

The V-berth is a nice place to sit and have a visit. Add the table and it turns into a dinette. Or filler cushions convert it to a double berth. The starboard fiberglass head compartment is fitted with a VacuFlush® head system, as well as a vanity with sink, faucet and pullout shower sprayer.

The optional sport spoiler with overhead lighting is the perfect place for electronic accessories.
